

PROFESSOR AARDVARK IN
COLLABORATION WITH CIRQUE
GRAVITY PRESENT

INDOORS

"HOPEFULLY" -
TOURING SUMMER 2022

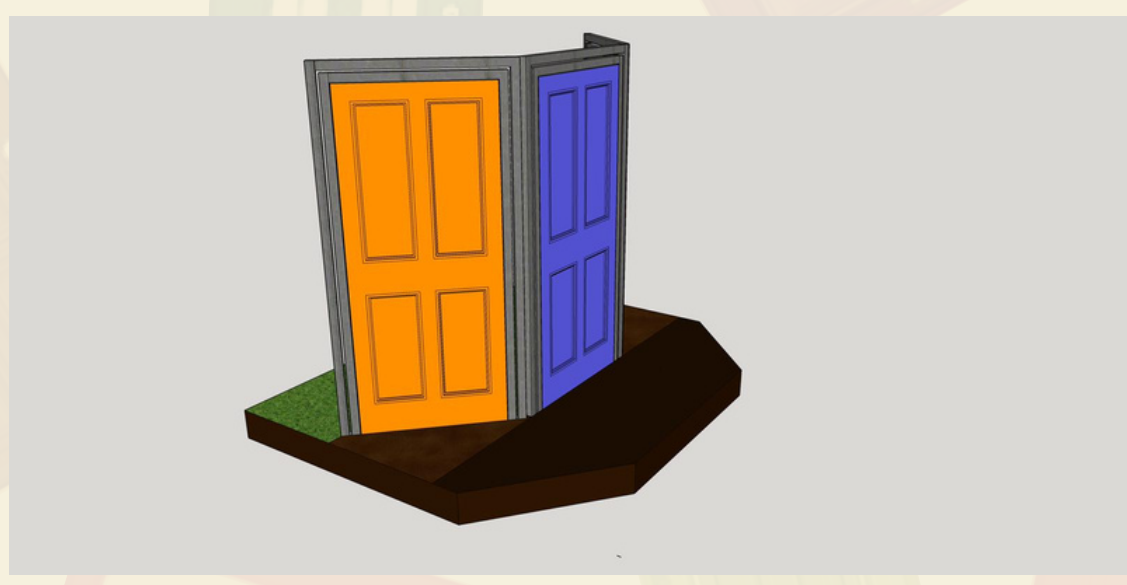

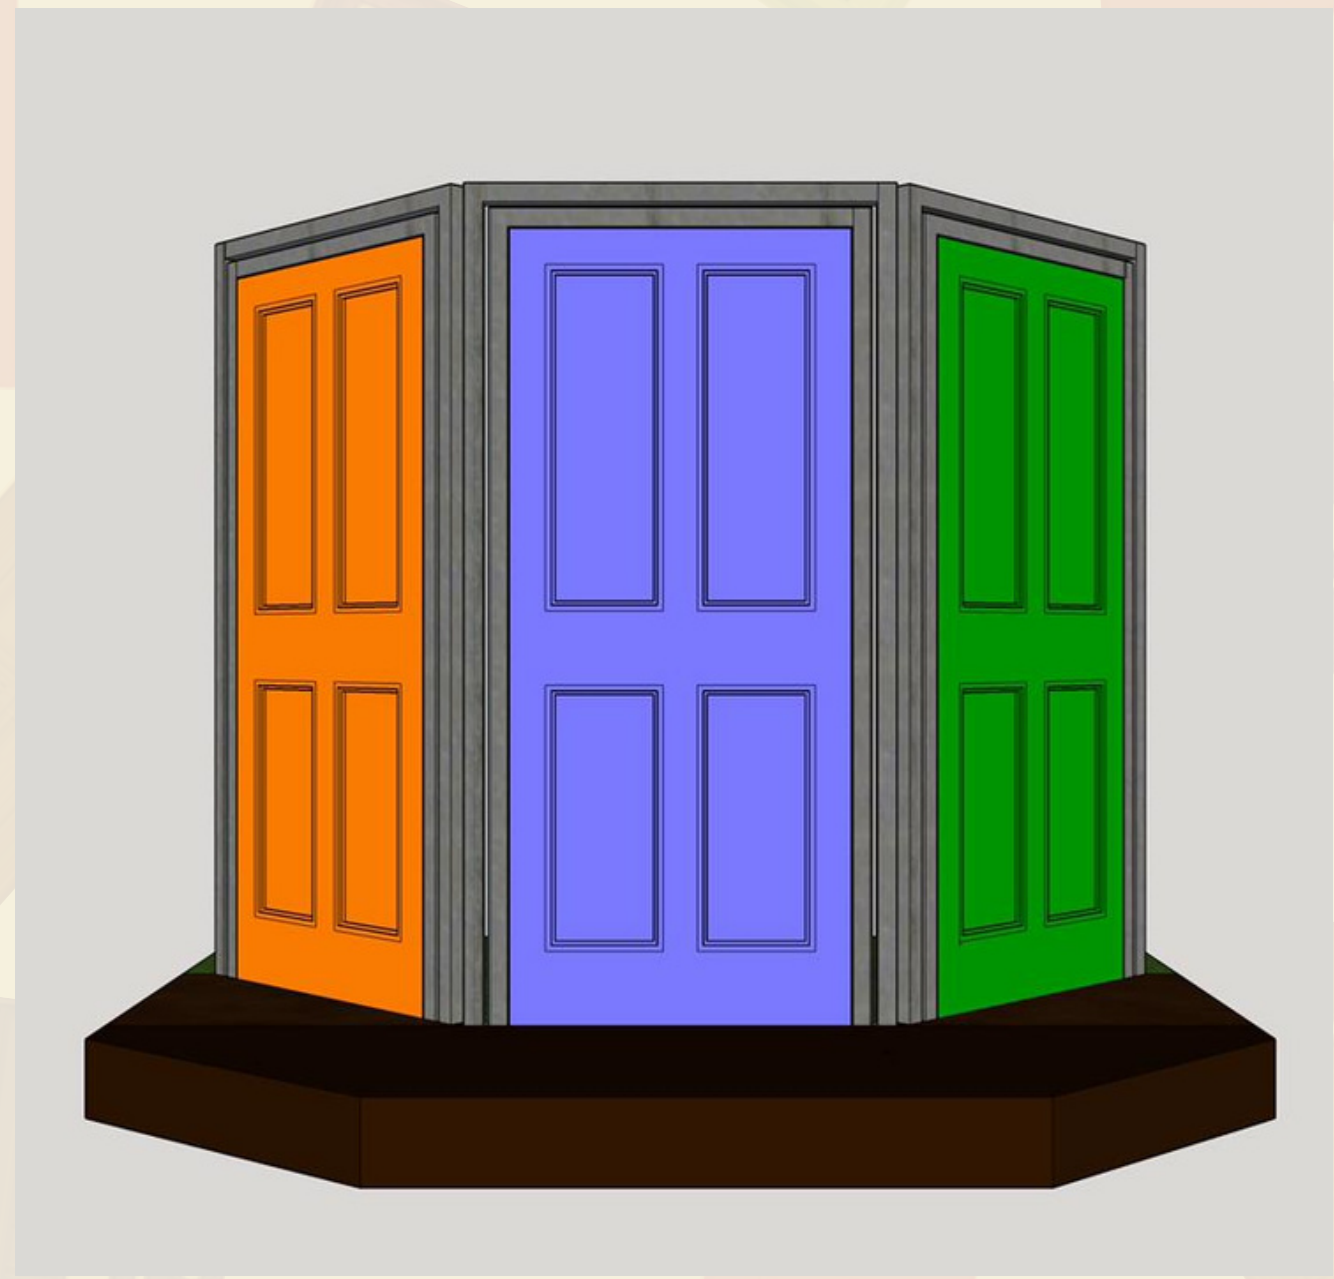

A FLAT PACK FARCE
FOR COMMUNITY

INDOORS IS PIECE OF CONTEMPORARY THEATRE THAT USES THREE DOORS TO CLIMB ON, SWING THROUGH AND DANCE WITH. USING HIGH OCTANE PHYSICAL THEATRE AND VISUAL PERFORMANCE WE WILL PORTRAY A STORY OF TOGETHERNESS AND COMMUNITY TO EXPLORE WHAT REALLY HAPPENS WHEN WE OPEN OUR DOORS TO THE WORLD.

**KNOCK
KNOCK**

DESIGN CONCEPT

The revolving doors present the cyclical passing of time that exist within our homes as living structures. If these walls could speak, they would tell the story of all the families and all the people that have lived here. We will use the four doors as a device to tell the story of four different people all coming to terms with what it means to leave and what it means to come home.

TECHNICAL RIDER

General Information

A three-person clowning acrobatics performance.

Duration: 30 Minutes no Interval. Can be performed TWO TIMES PER DAY with a minimum of 90 minutes between performances.

We will require parking for one double wheel base van.

The show will require a set up time of 1 ½ hours, this will be done by the 3 performers and 1 stage manager.

We will be bringing all of our own audio equipment.

We will be bringing all of our own set.

If you require a risk assessment please contact the company manager.

Could you please ensure that the full company is given a venue relevant Health & Safety induction as soon as possible after their arrival.

We Require

Stage

We will need an area width of 6 metres for our stage and a depth of 5 metres.

AV

There will be no AV in this performance.

Lighting

There will be no lighting for this performance.

Technical Staffing Requirements
